

Jesus said, "Let the little  
**CHILDREN**  
come to me,  
*and do not hinder them,*  
for the kingdom of heaven belongs to such as these."

**MATTHEW 19:14**

Our teachers bring a variety of education and experience to the children of Three Rivers Christian School. One of our primary goals is to meet the unique needs of the individual child in our educational care, which includes their spiritual, physical, emotional and cognitive development. We are committed to providing educational excellence in a safe and secure Christ-centered environment.

Three Rivers Christian School offers our community a completely state-licensed Early Childhood Education and Development Center. Our center was originally founded in 1966 under the name "Longview Christian Child Development Center" as a ministry of Northlake Baptist Church in response to a need for quality child care.

The Center serves children ranging in age from four weeks through twelve years with daily programs for infants, toddlers, pre-school and school age children. We seek to build strong partnership with families and our community in order to develop the full potential that God has created in every child.

# LOVE *is patient, love is* KIND -1 CORINTHIANS 13:4

**INFANT** care environment at Three Rivers Christian is designed to support baby's development and to collaborate with parents to provide a foundation for healthy growth and learning. Non-mobile babies are provided a range of environments within the room setting during the time they are awake to ensure variety and stimulation, while mobile babies are exploring and discovering their world. A parent bonding room is available for families to spend that special one-one time with their baby. Soft music is heard as our nurturing staff provides quality time talking with even the smallest babies, encouraging and fostering the foundation of growth and development.

**TODDLERS** thrive in a stimulating environment. At Three Rivers Christian School, we provide your child with indoor and outdoor spaces that help your child explore their world. We have bright, attractive toys and equipment, specifically chosen for age and safety requirements, which are regularly cleaned and rotated. On a walk through our toddler department, a visitor would be likely to see games of "peek-a-boo," children marching with instruments, having story time, or perhaps a caregiver cheering on a successful learning endeavor.

**PRESCHOOL** is an innovative program developed to provide early learning and literacy experiences for children between the ages of three to five years. We offer a traditional preschool, as well as a full day preschool program, including professional teachers and curriculum from the Association of Christian Schools International. Learning requires active thinking and experimenting to find out how things work. We incorporate the child's sense of self, combined with interactive play with others, to provide a foundation for academic development and socialization.
